HYDROPHILIC
PFC-FREE

CoatsKnit™ Stain Release

CoatsKnit Stain Release is a textured filament knitting yarn with a hydrophilic PFC-free finish, allowing most difficult stains to easily release when rinsed and agitated in cold water.

As a part of our commitment to ethically building a sustainable future, CoatsKnit Stain Release can be made from 100% GRS Certified recycled materials as well as virgin origin.

WHY CHOOSE COATSKNIT STAIN RELEASE?

- Specialized PFC-free finish significantly aids the release of certain stains without the use of harmful chemicals
- The hydrophilic nature of the finish provides additional moisture wicking properties (sweat absorption, drying effect)
- Öko-Tex Standard 100 compliant
- Meets Coats restricted substance list

MAIN USES:

- Footwear knitted uppers
- Apparel garments
- Accessory fabrics

CoatsKnit Stain Release

PRODUCT RANGE

Denier	Filament Construction	Cone Size (Kg)	Bulk	Origin	Article
150	36x2	0.45	High	Virgin	CF05160
150	72x1	0.45	High	Recycled	CF84160

FASTNESS PROPERTIES

Water Fastness	ISO 105 E01	Min. Grade 4
Rub Fastness	ISO 105 X12	Min. Grade 4
Wash Fastness	ISO 105-C10C:2006	Min. Grade 4

PRODUCT LIMITATIONS

More stubborn stains involving certain dye or soiling pigmentation may require machine washing at higher temperatures up to 40°C, with typical clothes washing detergent, and may not entirely be removed

As with any stain, the longer it remains and dries on the fabric, the harder it will be to remove completely

EXPERT REAL WORLD SUPPORT

The final cost of any thread also includes hidden costs, fuelled by the methods and tools applied to it. Our experts know exactly how to reduce those costs, save time and increase productivity.

One to One Visits

There's no need to come to us, our experts will travel to your site. In person, online or via the phone, our trained consultants deal with the kind of issues any busy factory may face, providing a solution for today and a blueprint for future efficiency.

Training and Presentations

From thread selection to stitch formation, the use of colour to solutions for common production issues, we take the learning gathered through years of hands on experience and present it in the form of high impact seminars, workshops and presentations.

Innovation Hub

Collaborate directly with expert R&D technologists at our Innovation Hub to create pioneering and tailored solutions for products ranging from Performance Materials to Apparel and Footwear. Equipped with state-of-the-art technology, we quickly turn ideas into prototype designs ready for manufacturing.

To drive your hidden costs down, talk to Coats. From thread audits in pre-production to the latest technological bulletins, we'll provide support that achieves measurable results.

For more information, talk to your Coats representative today or visit www.coats.com

OTHER PRODUCTS IN THE COATSKNIT RANGE

To complement the CoatsKnit range, we also have a selection of specialist CoatsKnit yarns. Each of these have additional benefits specific to the end use.

Product Name	Description
CoatsKnit AWF	An anti-wick textured filament knitting yarn with an eco-friendly, PFC-free finish to keep shoes dry in any weather

Specialist CoatsKnit products are typically available across a select range of ticket sizes and technical information will in some cases vary from the above table.
