

Coats® Dual Duty EcoVerde™

Coats Dual Duty EcoVerde is a premium quality corespun thread that combines a high tenacity 100% recycled polyester filament core with a Better Cotton Initiative (BCI) certified cotton cover. The filament core offers excellent strength and durability, while the long staple cotton wrap ensures excellent sewing performance and protects the core from needle heat.

WHY CHOOSE DUAL DUTY ECOVERDE?

- Dual Duty EcoVerde delivers excellent sewing performance in the most demanding applications
- The high tenacity polyester filament core allows the use of finer thread sizes improving seam appearance without compromising seam strength
- Excellent wash-down characteristics make Dual Duty ideal for denimwear and jeans
- Outstanding abrasion resistance for demanding jeans and workwear applications
- Öko-Tex Standard certified
- Meets Coats restricted substance list
- GRS Certified
- Suitable for vegan requirements

MAIN USES:

- Classic denimwear and jeans
- Heavy duty outdoor wear and cargo trousers
- For soft, natural feel seams on fine cotton fabrics and for premium lingerie
- High speed sewing operations for towels and home furnishings

EV25030	30	105	5000	3724	18 - 24	110 - 130
EV25025	25	120	5000	5390	20 - 26	120 - 140

THERMAL PROPERTIES

Polyester melts at 250 - 260°C, softens at 220 - 240°C

Cotton discolours after prolonged exposure to high temperatures

Thread shrinkage less than 1% @ 150°C

CHEMICAL PROPERTIES

Mineral acids:	Polyester: is resistant to most mineral acids Cotton: disintegrates in hot dilute and cold concentrated acids
Alkalis:	Polyester: essentially unaffected by weak alkalis, but less resistant to stronger alkalis, especially at higher temperatures Cotton: swells in caustic, no appreciable strength loss
Organic solvents:	Polyester: generally unaffected, but soluble in some phenolic compounds Cotton: degraded by some solvents
Bleaching:	Polyester: unaffected Cotton: bleached by hypochlorite and peroxides
Insects / microorganisms (mildew, rot):	Polyester: unaffected Cotton: degrades but can be treated with special finishes
Laundering / dry cleaning:	Unaffected
Moisture regain:	Polyester: 0.4%, Cotton: 8%

FASTNESS PROPERTIES

Washing at 60°C	(ISO 105 C10:2006 C(3))	Grade 4
Water Fastness	(ISO 105 E01:2010)	Grade 4
Rub Fastness	(ISO 105 X12:2001)	Grade 4
Hypochlorite Fastness	(ISO 105 N01:1993)	Grade 4
Dry Cleaning Fastness	(ISO 105 D01:2010)	Grade 4
Perspiration Fastness	(ISO 105 E04:2009)	Grade 4
Artificial Light Fastness	(ISO 105 B02:1994)	Grade 4

These fastness grades represent minimum performance levels and, in practice, the majority of shades will exceed these levels

Coats Dual Duty EcoVerde

EXPERT REAL WORLD SUPPORT

The final cost of any product also includes hidden costs, fuelled by the methods and tools applied to it. Our experts know exactly how to reduce those costs, save time and increase productivity.

Seamworks

Install our Seamworks software to accurately calculate costs prior to production, putting an end to the risk of over or under ordering materials, and incurring unnecessary extra costs. The Seamworks tool is provided with installation, training and ongoing support included.

One to One Visits

There's no need to come to us, our experts will travel to your site. In person, online or via the phone, our trained consultants deal with the kind of issues any busy factory may face, providing a solution for today and a blueprint for future efficiency.

Training and Presentations

From product selection to stitch formation, the use of colour to solutions for common production issues, we take the learning gathered through years of hands on experience and present it in the form of high impact seminars, workshops and presentations.

Embroidery Service Centre

Our Embroidery Service Centre makes embroidering a design much easier, increasing productivity at the same time as enhancing the design itself. Email the design and any problematic issues to us and our technicians will email the improved design right back.

Innovation Hub

Collaborate directly with expert R&D technologists at our Innovation Hub to create pioneering and tailored solutions for products ranging from Performance Materials to Apparel and Footwear. Equipped with state-of-the-art technology, we quickly turn ideas into prototype designs ready for manufacturing.

To drive your hidden costs down, talk to Coats. From product audits in pre-production to the latest technical bulletins, we'll provide support that achieves measurable results. For more information, talk to your Coats representative today or visit www.coats.com/dual-duty-ecoverde

OTHER PRODUCTS IN THE DUAL DUTY RANGE

To complement the Dual Duty range, we also have a selection of specialist Dual Duty threads. Each of these have additional benefits specific to the end use.

Product Name	Description
Dual Duty	Premium quality corespun thread which offers high strength and durability and is ideal for the manufacture of denim jeans.
Dual Duty AW	Special water resistant sewing thread that ensures no water is taken up by the thread, ideal for speciality applications, e.g. sailing gear, life jackets, heavy duty awning and tent sewing.
Dual Duty Multi	Attractive two coloured heather-effect or melange thread that is ideal for embroidery and decorative stitching on denim
Dual Duty Supercotton	Premium quality corespun sewing thread that has been especially developed for post dyed cotton garments.
Dual Duty Indigo	Coats Dual Duty Indigo is the eco-friendly response to natural indigo dyed sewing threads.
Dual Duty EcoVerde Indigo	A premium quality corespun thread that combines a high tenacity 100% recycled polyester filament core with a Better Cotton Initiative (BCI) certified cotton cover.

Specialist Dual Duty products are typically available across a select range of ticket sizes and technical information will in some cases vary from the above table.
