

WHY CHOOSE DUAL DUTY SUPERCOTTON?

- The high tenacity polyester core provides higher tenacity and elongation as well as lower shrinkage compared to 100% cotton threads leading to superior seam quality
- Special cotton wrap provides excellent dye uptake
- Unique corespun construction delivers enhanced sewing performance and abrasion resistance even compared to "premium" quality 100% cotton threads
- Specially formulated lubrication for low friction sewing
- Standard 100 by Oeko-tex® Class I

MAIN USES:

- Garment dyed jeans and denim wear
- All 100% cotton post dyed garments

Coats Dual Duty Supercotton

PRODUCT RANGE

Art / Tkt	Ticket	Tex	Length	Average Strength cN	Elongation % Min - Max	Recommended Needle Size
1541120	120	24	5,000M	710	8 - 20	75 - 90
1541075	75	40	5,000M	1,050	10 - 20	90 - 100
1541050	50	60	5,000M	1,810	10 - 20	100 - 120

Shade	Core Colour	Wrap Colour	Recommendation	
Shade Y0000	Polyester core natural	Cotton wrap bleached	For light or very light (like white) garments	
Shade 07CTT	Polyester core grey	Cotton wrap natural	For medium colour garments	
Shade 13CTT	Polyester core dark grey	Cotton wrap natural	For medium to dark, and very dark colour garments	

CHEMICAL PROPERTIES

Mineral acids:	Polyester: is resistant to most mineral acids Cotton: disintegrates in hot dilute and cold
	concentrated acids
Alkalis:	Polyester: essentially unaffected by weak alkalis, but less resistant to stronger alkalis, especially at higher temperatures Cotton: swells in caustic, no appreciable strength loss
Organic solvents:	Polyester: generally unaffected, but soluble in some phenolic compounds Cotton: degraded by some solvents
Bleaching:	Polyester: unaffected Cotton: bleached by hypochlorite and peroxides
Insects/microorganisms (mildew, rot)	Polyester: unaffected Cotton: degrades but can be treated with special finishes
Laundering / dry cleaning:	Unaffected
Moisture regain:	Polyester: 0.4%, Cotton: 8%

FASTNESS PROPERTIES

Washing Fastness 60° C	(ISO 105-C10C)	Grade 4
Water Fastness	(ISO 105-EO1)	Grade 4
Hypochlorite Fastness	(ISO 105-NO1)	Grade 4
Dry Cleaning Fastness	(ISO 105-DO1)	Grade 4
Perspiration Fastness	(ISO 105-E04)	Grade 4

Coats Dual Duty Supercotton

EXPERT REAL WORLD SUPPORT

The final cost of any thread also includes hidden costs, fuelled by the methods and tools applied to it. Our experts know exactly how to reduce those costs, save time and increase productivity.

Seamworks

Install our Seamworks software to accurately calculate costs prior to production, putting an end to the risk of over or under ordering materials, and incurring unnecessary extra costs. The Seamworks tool is provided with installation, training and ongoing support included.

One to One Visits

There's no need to come to us, our experts will travel to your site.

In person, online or via the phone, our trained consultants deal with the kind of issues any busy factory may face, providing a solution for today and a blueprint for future efficiency.

Training and Presentations

From thread selection to stitch formation, the use of colour to solutions for common production issues, we take the learning gathered through years of hands on experience and present it in the form of high impact seminars, workshops and presentations.

Embroidery Service Centre

Our Embroidery Service Centre makes embroidering a design much easier, increasing productivity at the same time as enhancing the design itself. Email the design and any problematic issues to us and our technicians will email the improved design right back.

Innovation Hub

Collaborate directly with expert R&D technologists at our Innovation Hub to create pioneering and tailored solutions for products ranging from Performance Materials to Apparel and Footwear. Equipped with state-of-the-art technology, we quickly turn ideas into prototype designs ready for manufacturing.

To drive your hidden costs down, talk to Coats. From product audits in pre-production to the latest technical bulletins, we'll provide support that achieves measurable results.

For more information, talk to your Coats representative today or visit coats.com/dualdutysupercotton

OTHER PRODUCTS IN THE RANGE

To complement the Dual Duty range, we also have a selection of specialist Dual Duty threads. Each of these combines the superior properties of the Dual Duty product with additional benefits specific to the end use.

Product Name	Description	
Dual Duty	Premium quality corespun thread which offers high strength and durablity and is ideal for the manufacture of denim and jeans.	
Dual Duty Multi	Attractive two coloured heather-effect or melange thread that is ideal for embroidery and decorative stitching on denim.	
Dual Duty Indigo	Durable corespun sewing thread that is dyed with natural indigo and fades during the denim wash process to give each garment a unique finish.	

Special use Dual Duty products are typically available across a select range of ticket sizes and technical information will in some cases vary from the above table.
