

# Coats® Eloflex™

Coats Eloflex is an innovative performance stretch sewing thread for high extension, stretch seams. It has good tenacity, high extension properties and excellent sewability.

Eloflex is a great option for soft and secure stretch seams for performance sportswear and next-to-skin garments. Its controlled elongation minimises the risk of seam extension failure on stretch fabrics.

## AREAS OF APPLICATION

For lockstitch applications, always use Eloflex both in the needle and the bobbin to achieve optimal stretch in the seam. Coats Eloflex has a high initial modulus which enables it to deliver the good loop formation properties that are critical to good machine sewing.

For soft and secure stretch seams for performance sportswear and next-to-skin garments, please refer to the below recommendations with Eloflex:

Stitchtype	Seam Description		Stretch Soft	
			Option 1	Option 2
301	Lockstitch Operations	Needle Bobbin	Eloflex 120 Eloflex 120	Eloflex 120 Eloflex 120

## EXPERT REAL WORLD SUPPORT

The final cost of any thread also includes hidden costs, fuelled by the methods and tools applied to it. Our experts know exactly how to reduce those costs, save time and increase productivity.

### Seamworks

Install our Seamworks software to accurately calculate costs prior to production, putting an end to the risk of over or under ordering materials, and incurring unnecessary extra costs. The Seamworks tool is provided with installation, training and ongoing support included.

### One to One Visits

There's no need to come to us, our experts will travel to your site. In person, online or via the phone, our trained consultants deal with the kind of issues any busy factory may face, providing a solution for today and a blueprint for future efficiency.

### Training and Presentations

From thread selection to stitch formation, the use of colour to solutions for common production issues, we take the learning gathered through years of hands on experience and present it in the form of high impact seminars, workshops and presentations.

### Embroidery Service Centre

Our Embroidery Service Centre makes embroidering a design much easier, increasing productivity at the same time as enhancing the design itself. Email the design and any problematic issues to us and our technicians will email the improved design right back.

### Innovation Hub

Collaborate directly with expert R&D technologists at our Innovation Hub to create pioneering and tailored solutions for products ranging from Performance Materials to Apparel and Footwear. Equipped with state-of-the-art technology, we quickly turn ideas into prototype designs ready for manufacturing.

To drive your hidden costs down, talk to Coats. From thread audits in pre-production to the latest technical bulletins, we'll provide support that achieves measurable results.
