

## QUALITY POLICY

*GOTEX S.A.* designs and manufactures high technical level textile products. Hence, keeping high quality standards in all departments is our duty and, in order to clearly define these, we indicate below the main bullet points of the 2018 Quality Policy:

- **Always work as safe as possible**
- **Meet the regulations in force**
- **Foster our surrounding's sustainability**
- **Be the motor for constantly improving**
- **Promote respect and inclusiveness in all our lines of business**
- **Always work positively**
- **Always offer the best experience to our clients**
- **Foster the use of digital tools, which enable us to evolve towards simple processes**
- **Innovate in all lines of business**
- **Promote teams' talent, bringing it to us, keeping it or internally developing it**

By applying the Quality Policy we could achieve our group's priority objectives, which are:

- **Increase sales in a profitable way**
- **Increase productivity in all our lines of business**
- **Adding value to the group**

The monitoring of our Quality Policy enables us to work better, in a safer way and adding value to the society.
