

# Coats® Gotex FG Ultrabond

Coats Gotex FG Ultrabond is a strength member made from E-glass fibres and is primarily used as a peripheral strength element in fibre optic cables. This flat, flexible fibreglass yarn is comprised of a premium E-glass with adhesive promoter properties to enhance the adhesion of the strength member with the outer jacket of the cable.

## MAIN USES

- Fibre optic cables

## FIBRE FEATURES:

- Standard and continuous width and thickness
- Extremely soft coating finishes that do not mark the cable jacket
- Premium quality raw materials

## FIBRE PERFORMANCE:

- All dielectric
- Excellent flexibility, with perfect adaptation to the cable's shape
- Fire-proof and rodent-proof
- No fibre or dust during processing

# Coats Gotex FG Ultrabond

## FIBRE PACKING:

- Pressed and precision wound, guarantees high-speed serving during cable jacketing
- Tailored spools offering by exact metres or diameter
- Yarn queue is identified with a label for easy processing
- Plastic bag in each package: keeps the yarn in perfect shape for usage, even if stocked for long periods
- Textured cardboard surface to prevent yarn slipping through the tube
- Automatic label generation, allows to trace the whole process
- Each batch is delivered with Quality Certificate of properties

## PACKAGING OPTIONS

Tube Ref.	I.D.	Lenght	Traverse	Max. O.D.	Surface
T77x272	77mm	272mm	250mm	300mm	Rough
T94x215	94mm	215mm	195mm	300mm	Rough
T94x290	94mm	290mm	250mm	300mm	Rough
T107x215	107mm	215mm	195mm	300mm	Rough
T127x215	127mm	215mm	195mm	300mm	Rough & Semi-sliced

## EXPERT REAL WORLD SUPPORT

The final cost of any product also includes hidden costs, fuelled by the methods and tools applied to it. Our experts know exactly how to reduce those costs, save time and increase productivity.

### One to One Visits

There's no need to come to us, our experts will travel to your site. In person, online or via the phone, our trained consultants deal with the kind of issues any busy factory may face, providing a solution for today and a blueprint for future efficiency.

### Training and Presentations

From product selection to solutions for common production issues, we take the learning gathered through years of hands on experience and present it in the form of high impact seminars, workshops and presentations.

### Innovation Hub

Collaborate directly with expert R&D technologists at our Innovation Hub to create pioneering and tailored solutions for products ranging from Performance Materials to Apparel and Footwear. Equipped with state-of-the-art technology, we quickly turn ideas into prototype designs ready for manufacturing.

To drive your hidden costs down, talk to Coats. From product audits in pre-production to the latest technical bulletins, we'll provide support that achieves measurable results.

For more information, talk to your Coats representative today or visit [www.coats.com/gotex-fg-ultrabond](http://www.coats.com/gotex-fg-ultrabond)

Since conditions and applications vary considerably in the use of a product, the customer and/or user should assure themselves that the product meets end customer requirements and is suitable for the intended end use.
