

Coats® Gotex FG L

Gotex FG L is a flexible, lightweight, coated fibreglass strength member yarn used in fibre optic cable, which also prevents rodent damage. It performs well on high-speed servers. Lighter and more flexible than our FG PU version, the yarn is available in variety of coatings to suit your end use. We can even colour it for identification purposes.

COATED
FIBREGLASS

MAIN USES

- Fibre optic cables
- Rodent protection

FIBRE FEATURES:

- Tailor made fibre dimensions, with regular and continuous width and thickness
- Extremely soft coating finishes, that do not mark their presence in the cable jacket
- Premium quality raw materials
- No fibre or dust flow during processing
- Excellent swelling capacity to prevent water from entering into the cable interior

FIBRE PERFORMANCE:

- All dielectric
- Wide levels of flexibility, with perfect adaptation to the cable's shape
- Fire-proof and rodent-proof

Coats Gotex FG L

FIBRE PACKING:

- Pressed and precision wound , guarantees high-speed serving during cable jacketing
- Tailored spools offering by exact meters or diameter
- Yarn queue is identified with a label for easy processing
- Plastic bag in each package: keeps the yarn in perfect shape for usage, even if stocked for long periods
- Textured cardboard surface to prevent yarn' slipping through the tube.

Coats Gotex FG L

EXPERT REAL WORLD SUPPORT

The final cost of any product also includes hidden costs, fuelled by the methods and tools applied to it. Our experts know exactly how to reduce those costs, save time and increase productivity.

One to One Visits

There's no need to come to us, our experts will travel to your site. In person, online or via the phone, our trained consultants deal with the kind of issues any busy factory may face, providing a solution for today and a blueprint for future efficiency.

Training and Presentations

From product selection to solutions for common production issues, we take the learning gathered through years of hands on experience and present it in the form of high impact seminars, workshops and presentations.

Innovation Hub

Collaborate directly with expert R&D technologists at our Innovation Hub to create pioneering and tailored solutions for products ranging from Performance Materials to Apparel and Footwear. Equipped with state-of-the-art technology, we quickly turn ideas into prototype designs ready for manufacturing.

To drive your hidden costs down, talk to Coats. From product audits in pre-production to the latest technical bulletins, we'll provide support that achieves measurable results.

For more information, talk to your Coats representative today or visit www.coats.com/gotex-fg-l
