

BONDED CONTINUOUS FILAMENT NYLON

Coats[®] Nylbond Sling

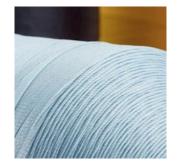

Coats Nylbond Sling is a bonded nylon thread made from pre-stabilised continuous filament nylon 6.6. The high tenacity nylon allows for outstanding strength and durability, specifically design for slings. Its unique bond chemistry and proprietary coating technology produces a strong and supple thread with no ply untwisting, no flaking and no 'sewn in' colour change.

WHY CHOOSE NYLBOND SLING?

- Made from high tenacity nylon 6.6 for outstanding strength and durability
- World class quality and superior abrasion resistance
- Unique bond chemistry and proprietary coating technology produces a strong and supple thread with no ply untwisting, no flaking and no 'sewn in' colour change
- Specially formulated lubricant for high temperature resistance and smooth operation through the needle eye without breaks, skips or staining
- Controlled stretch characteristics for good loop formation and tight, firm and balances stitches

MAIN USES

• Lifting slings

EXPERT REAL WORLD SUPPORT

The final cost of any thread also includes hidden costs, fuelled by the methods and tools applied to it. Our experts know exactly how to reduce those costs, save time and increase productivity.

One to One Visits

There's no need to come to us, our experts will travel to your site. In person, online or via the phone, our trained consultants deal with the kind of issues any busy factory may face, providing a solution for today and a blueprint for future efficiency.

Training and Presentations

From yarn selection to stitch formation, the use of colour to solutions for common production issues, we take the learning gathered through years of hands on experience and present it in the form of high impact seminars, workshops and presentations.

Innovation Hub

Collaborate directly with expert R&D technologists at our Innovation Hub to create pioneering and tailored solutions for products ranging from Performance Materials to Apparel and Footwear. Equipped with state-of-the-art technology, we quickly turn ideas into prototype designs ready for manufacturing.

To drive your hidden costs down, talk to Coats. From thread audits in pre-production to the latest technical bulletins, we'll provide support that achieves measurable results.
