

Opti S SR

Stipple Reflective

Benefits

Opti S stipple reflective are feature zips, which combine the safety element with the fashionable contrast tapes and spirals.

Description

Opti S stipple reflective are produced by interweaving a special silver retro-reflective narrow band while producing the chain.

These zips can be used also as reversed flatter option.

Footwear

Recommendations

Zips with stipple reflective bands ensure performance fully compliant to International Standards (BS 3084 – 1992).

Opti S Stipple reflective should be handled with care:

- cannot be dry cleaned;
 - wash at temperatures not exceeding 40° C;
 - no tumble dry or bleach;
 - no iron on the reflective bands;
 - keep away from heat sources.
- There are no precautions for hand cleaning.

Before proceeding to bulk production, Coats Opti recommends that you run tests and production trials on all zip uses/applications in order to verify that the product meets the end user requirements as well as the demands of internal processing conditions.
