

COATS ULTRABOND

Strength members with adhesion promoters

Coats Gotex Ultrabond range of strength members with adhesion promoters enhance the adhesion with the jacket of the cable.

This special coating is available for all our strength members.

COATS
gotex fg
ultrabond

COATED FIBREGLASS
STRENGTH MEMBER

COATS
stremX
ultrabond

COATED HIGH MODULUS
STRENGTH MEMBER

COATS
protos stm
ultrabond

COATED ARAMID
STRENGTH MEMBER

ADVANTAGES

Bond/Adhesion of the strength member with the cable jacket

Helping in homogenize the fibre performance inside the cable

Increase tensile properties of the cable as a whole

CONNECTING. PIONEERING. TRUSTED.
