

# Coats® Connect™ EcoVerde™

## A recycled hook and loop fastener for tomorrow

Introducing Coats® Connect™ EcoVerde™: a sustainable, GRS approved, high strength hook and loop fastener made with recycled pre-consumer polyamide (nylon). The article embraces sustainability through its significant recycled polyamide content, ensuring both environmental stewardship and top-notch quality without sacrificing strength. Designed for both durability and longevity, Coats® Connect™ EcoVerde™ promises extended usability and consistent reliability. Furthermore, it is dyed with AZO-free dyes and meets the OEKO-TEX® STANDARD 100 Class I, affirming our commitment to safety and environmental responsibility.

With Coats® Connect™ EcoVerde™, experience the unparalleled quality of standard hook and loop fasteners—with the added benefit of sustainability. Available in various shades and widths to meet your specific needs, our innovative research and development team is ready to provide customized solutions to elevate your products and processes.

Opt for Coats® Connect™ EcoVerde™ for a solution that's not just greener, but stronger, paving the way to a more sustainable future.

## EXPERT REAL WORLD SUPPORT

The final cost of any product also includes hidden costs, fuelled by the methods and tools applied to it. Our experts know exactly how to reduce those costs, save time and increase productivity.

### One to One Visits

There's no need to come to us, our experts will travel to your site. In person, online or via the phone, our trained consultants deal with the kind of issues any busy factory may face, providing a solution for today and a blueprint for future efficiency.

### Training and Presentations

From thread selection to stitch formation, the use of colour to solutions for common production issues, we take the learning gathered through years of hands on experience and present it in the form of high impact seminars, workshops and presentations.

### Innovation Hub

Collaborate directly with expert R&D technologists at our Innovation Hub to create pioneering and tailored solutions for products ranging from Performance Materials to Apparel and Footwear. Equipped with state-of-the-art technology, we quickly turn ideas into prototype designs ready for manufacturing.

To drive your hidden costs down, talk to Coats. From thread audits in pre-production to the latest technical bulletins, we'll provide support that achieves measurable results.

For more information, talk to your Coats representative today or visit [www.coats.com/connect-ecoverde](http://www.coats.com/connect-ecoverde)

## OTHER PRODUCTS IN THE CONNECT™ RANGE

To complement the Connect™ range, we also have a selection of specialist Connect™ hook and loop fasteners. Each of these have additional benefits specific to the end use.

Product Name	Description
Connect™	Hook and loop fasteners to meet the particular and specialized needs of our customers.
Connect™ Adhesive	High Performance pressure sensitive adhesive hook and loop fastener suitable for a broad range of industrial applications.
Connect™ Standard	These hook and loop fasteners are durable enough to be guaranteed to 10,000 openings and closings.
Connect™ Flame Retardant	This polyamide hook and loop fastener has flame retardant properties and has been engineered to regulation standard.

Since conditions and applications vary considerably in the use of a product, the customer and/or user should assure themselves that the product meets end customer requirements and is suitable for the intended end use.
