

Coats® Dabond™ Sling

Coats Dabond Sling is a bonded, twisted continuous filament polyester thread specially manufactured for secure seams on slings.

Unlike conventional polyester bonded threads, Dabond Sling has exceptional bond cohesion, giving it excellent sewing properties even in the toughest of conditions.

Ticket	Tex	Dtex/Ply	Minimum Strength cN	Elongation % Min - Max	Needle Size Metric
9	350	1,100 x 3	21,850	20 - 35	230
9	450	1,100 x 3	28,913	15 - 25	280
6	500	940 x 6	42,258	17 - 26	330

Fastness Properties

Wash Fastness	ISO 105 C06	Grade 4 - 5
Water Fastness	ISO 105 E01:2010	Grade 4
Rub Fastness	ISO 105 X12:2001	Grade 4 - 5
Vinyl Transfer	CTC-TP-1032-003	Grade 5

Expert Real World Support

The final cost of any thread also includes hidden costs, fuelled by the methods and tools applied to it. Our experts know exactly how to reduce those costs, save time and increase productivity.

Seamworks

Install our Seamworks software to accurately calculate costs prior to production, putting an end to the risk of over or under ordering materials, and incurring unnecessary extra costs. The Seamworks tool is provided with installation, training and ongoing support included.

One to One Visits

There's no need to come to us, our experts will travel to your site. In person, online or via the phone, our trained consultants deal with the kind of issues any busy factory may face, providing a solution for today and a blueprint for future efficiency.

Training and Presentations

From thread selection to stitch formation, the use of colour to solutions for common production issues, we take the learning gathered through years of hands on experience and present it in the form of high impact seminars, workshops and presentations.

Embroidery Service Centre

Our Embroidery Service Centre makes embroidering a design much easier, increasing productivity at the same time as enhancing the design itself. Email the design and any problematic issues to us and our technicians will email the improved design right back.

Innovation Hub

Collaborate directly with expert R&D technologists at our Innovation Hub to create pioneering and tailored solutions for products ranging from Performance Materials to Apparel and Footwear. Equipped with state-of-the-art technology, we quickly turn ideas into prototype designs ready for manufacturing.
