

Coats® Nymo™ Quilt

Coats Nymo Quilt is a nylon bonded monocord sewing thread for use on single needle quilting machines. Made from high tenacity polyamide 6.6, Nymo Quilt is a monocord product designed to perform to the highest standards in the industry for today's quilting and mattress manufacturers. High-speed, multi-directional sewing creates thread rotation, causing traditional plied threads to untwist and fray.

Why choose Coats Nymo™ Quilt?

- Nylon monocord construction is ideal for high-speed multidirectional sewing
- Coats Nymo Quilt resists thread rotation in either left or right hand direction, providing excellent sewing on twin-needle machines
- Coats Nymo Quilt has a unique oval cross section, providing low profile stitches; 6 - 11% lower thread usage per stitch
- Seams lie flatter to seam surface providing more resistance to external abrasion
- Fine needle sizes can be used to improve seam appearance
- High creep resistance reduces seam pucker around stitch corners
- Supple, bonded thread for fine denier sewing
- Coats Nymo Quilt has no ridges, unlike twisted thread surfaces, thus resulting in less wear and tear of sewing machine parts
- A well-balanced combination of special needle threads and downsized bobbins in graded length pack outs for optimum productivity and high-quality sewing
- STANDARD 100 by OEKO-TEX® Class I

Main Uses:

- Single needle comforter quilting

Expert Real World Support

The final cost of any thread also includes hidden costs, fuelled by the methods and tools applied to it. Our experts know exactly how to reduce those costs, save time and increase productivity.

Seamworks

Install our Seamworks software to accurately calculate costs prior to production, putting an end to the risk of over or under ordering materials, and incurring unnecessary extra costs. The Seamworks tool is provided with installation, training and ongoing support included.

One to One Visits

There's no need to come to us, our experts will travel to your site. In person, online or via the phone, our trained consultants deal with the kind of issues any busy factory may face, providing a solution for today and a blueprint for future efficiency.

Training and Presentations

From thread selection to stitch formation, the use of colour to solutions for common production issues, we take the learning gathered through years of hands on experience and present it in the form of high impact seminars, workshops and presentations.

Embroidery Service Centre

Our Embroidery Service Centre makes embroidering a design much easier, increasing productivity at the same time as enhancing the design itself. Email the design and any problematic issues to us and our technicians will email the improved design right back.

Innovation Hub

Collaborate directly with expert R&D technologists at our Innovation Hub to create pioneering and tailored solutions for products ranging from Performance Materials to Apparel and Footwear. Equipped with state-of-the-art technology, we quickly turn ideas into prototype designs ready for manufacturing.
